

Digital Technology

Digital Technology is a great subject for all learners – whether or not they plan to continue with CAT or IT in Grade 10.

With our books both learners and teachers can tackle this new subject with confidence!

The **Grade 9** book available in December 2020 offers:

- A carefully structured approach, with concepts conveyed in a way that develops problem solving skills
- Videos with subtitles to provide support for practical content – including coding
- Coding modules designed to stimulate learners' interest and imagination
- Activities and scenarios drawn from real life, making the content easier to understand and more relevant to learners' experiences
- Revision exercises for the last term

As with our DT Grade 8 book, there is also a Teacher DVD available which contains, among other things, solutions for all the activities and *PowerPoint* slideshows to help with teaching the theory.

ISBN	Title	Price (incl. VAT)
978-0-6399412-2-6	Digital Technology, Grade 8	R172.50
978-0-6399412-3-3	Digitale Tegnologie, Graad 8	R172.50
978-0-6399412-4-0	Digital Technology Grade 8, Teacher DVD (Eng & Afr)	R92.00
978-0-6399412-7-1	Digital Technology, Grade 9 <i>(available Dec 2020)</i>	R172.50
978-0-6399412-8-8	Digitale Tegnologie, Graad 9 <i>(available Dec 2020)</i>	R172.50
978-0-6399412-9-5	Digital Technology Grade 9, Teacher DVD (Eng & Afr) <i>(available Dec 2020)</i>	R92.00

To make the theory concepts more engaging and more easily mastered, a few 'comics' are provided (in PDF format) to supplement the text.
